Huawei Innovation Research Program 2017

HUAWEI TECHNOLOGIES CO., LTD.

What is HIRP OPEN Project

- Huawei Innovation Research Program (HIRP) provides funding opportunities to leading universities and research institutes conducting innovative research in communication technology, computer science, engineering, and related fields. HIRP seeks to identify and support world-class, full-time faculty members pursuing innovation of mutual interest. Outstanding HIRP winners may be invited to establish further long-term research collaboration with Huawei.
- HIRP OPEN is a 1-2 year award that supports contract-based innovation research with the amount ranging from USD 30,000 to USD 70,000. In some cases, larger awards may be possible for especially outstanding proposals.
- ***Each applicant must be a full-time faculty member*** (lecturer, assistant professor, associate professor or full professor) at a leading university or research institution that awards research degrees to PhD students around the world. We do not accept applications from professors on behalf of students, post-docs, or others not eligible to apply.
